Vice President report –

Big projects are finished for this year but still to be done are:

replacing the lights at the self-defense windows and adding a vent turbine to the storage shed.

Next year;

Pave the entrance, re-grade the berm in between the ranges, trim some trees on the ranges.

There will not be many work parties next year as there isn't a lot of work to do.

We will not need straw until 2026, the new elevator worked great.

Executive Officer report –

Brad Sadders winterized the water system, so it is turned off for the winter.

There is still some water & pop available but no more will be purchased this year.

It is asked that the new stools in the rifle house be hung back on the hooks before you leave.

If they are left on the floor, water damage can occur.

No report, all activities are finished for this year.
