### Vice President report –

We need used tires to fill in the space in the 50-yard backstop, If you have any please put them behind the 50-yard backstop.

Work Party time and date to be determined (when it stops raining on weekends).

When we do have a Work Party we will be fixing up the 50 ft backstop, the 50-yard rifle backstop, clearing brush around the ranges and getting rid of old targets and material at the back of the rifle range.

The red light on the rifle house was fixed.

We do not need straw this year.

### Executive Officer report –

Restocked the water, pop, paper towels and soap. Collected \$38 for targets and drinks.

Thanks to Mike Masten for donating the metal targets on the rifle range. If you use these targets please use the yellow spray paint to cover-up the dings on the targets.

### League Secretary report –

Tim Nead brought the picnic raffle prize to the meeting to show. It is a 12ga pump bullpup shotgun with two extra mags and extras. Tickets at the picnic will be \$10.

### **Membership Committee report –**

One second meeting prospect.

### **Old Business:**

There are two prospective members that have applied for a waiver to the 3-meeting rule. Both are friends of current members. One is a long-distance truck driver that is away most of the week and the other is an FBI agent that was temporally transferred to Cleaveland. Members of the Exec Team have meet with them and we have approved the waiver. They will still have to accomplish all the other items to become members and be vote on after.

If you ever have a power problem with the gate do not take the gate off the hinges. There is a cinch pin at the middle of the gate that holds the gate arm on, please remove it and the gate will be free to open. Please put it back. This should never be a problem unless the power is off for a long time as the gate is battery operated and the card reader has backup power for at least a day.

### **New Business:**

One of the new metal targets that Mike Masten donated has been shot with what looks like a .338 high power round and has put a hole right through it. These targets are not designed for high power ammo. Please be considerate of other members who would like to used them.

The CMP will initiate an on-line purchase of M1 rifles starting soon. Go to thecmp.org to get more information.

There are still problems with new members getting a background check through the Sheriffs office, this is being looked into.

### **Member Recognition:**

Mike Masten for his donation of and setting up the metal targets on the rifle range.

### **Rule Update:**

Minimize damage to targets and backstops on the ranges.

### **50/50 Raffle:**

Amount = \$86      Winner=\$43
