Vice President report –

Last Saturday Chris Chisolm repaired the drainage problem at the Pistol House, later we will add railroad ties in front of the Pistol House to keep rock and cars from going into the ditch.

A layer of tar/rock topping was laid at the entrance from the road to the red pole.

At a later time, the drainage from the rifle side to the pistol range will be repaired, this will take several members to accomplish.

.

Executive Officer report –

There are now 6 full containers of kerosene stored in the new yellow safety cabinet. If you find that containers are empty you are encouraged to have them filled, you can get the receipt to Jim Williamsen to get repaid.

The refrigerator contains drinks and will have them through the winter.

Only the Bullseye league on Thursday night is still active and will continue until it remains too cold to shoot.

A discussion was held about targets being damaged by someone shooting high power ammunition at the 22 targets in the left-hand bunker on the rifle range. There have been several targets damaged this year. The targets have been donated to the club, and anyone doing this is subject to discipline.

We do have cameras at the range and we will try to identify anyone damaging the range.

NOTE: If you are using the rifle range please check the targets in the bunkers and let one of the Officers know if you see any damage.

Member Recognition:

Special recognition goes to these volunteers: Eric Anderson, Joanne DeGroat, Tory Capers, Bryan Cinelli, Bill Farrow for their participation in the Youth League; Stephen & Vic Broussard (ARA); Mike Masten, Rick Hysell, Tim Nead and the entire cast of the September Work Party. Thank you!
